September 2017**

UNMANNED AERIAL SYSTEMS/DRONE PILOT EXAM PREP COURSE

About the course

ACC is thrilled to offer a non-credit UAS/Drone Pilot/Prep FAA Exam course. The intensive 16-hours of classroom training will prepare you to take the FAA Unmanned Aircraft General exam covering UAS regulations, the National Airspace System, weather, loading, performance, and operations. The \$260 charge of this course is not inclusive of the fee to take the FAA exam which is approximately \$150 and the course book which is approximately \$20.

**(PLEASE NOTE: THIS IS NOT A HANDS-ON, HOW-TO-OPERATE
A UAS COURSE.)**
