

NETWORKING

For Today and Tomorrow

A Special “Just Jobs Outlet” Opportunity

We have all heard it before: “It’s not just about what you know...it is also about WHO YOU KNOW when trying to successfully build your career!” Therefore, to help identify and practice solid strategies to create your own professional network, ACC Oscoda Campus is pleased to offer this special networking opportunity.

Jackie Krawczak, Corporate Representative from InnovaTech Professional Services (as well as her own consulting firm), will offer ideas, guidance and experience to help everyone enhance their professional network.
