NETWORK ADMINISTRATION & CYBER SECURITY
ASSOCIATE IN APPLIED SCIENCE (AAS) DEGREE

DESCRIPTION: This program prepares students for employment as network administrators, security professionals, consultants, or support professionals in Local Area Network (LAN) environments. Successful completion will equip students with the skills and knowledge to plan, install, secure, and maintain LANs, as well as perform maintenance and troubleshooting activities associated with Information Technology (IT) equipment and software. The program helps prepare students for multiple industry certifications.
