

**COMPUTER SCIENCE – GENERAL**  
Associate in Science (AS) Degree

**Minimum Credits: 61.0**  
**Contact Hours: 65.0**

**INTRODUCTION:** This program is designed for students who plan to continue their education in pursuit of a four-year degree in Computer Science. The program includes all of the necessary courses to qualify for the MTA Articulation Agreement. All facets of business find computers and information systems to be essential. Qualified individuals are needed to relate the problem-solving abilities of a computer system to a company's operations. In this curriculum, students are preparing to work as computer programmers, programmer-analysts, systems analysts, network administrators, software application developers, database administrators, business intelligence analyst, web developers, software systems developers or computer systems engineers in business and industry.
